

**Over 15,000 garages have
already chosen Multi-Diag®.**

A multi-make diagnostic tool stamped ACTIA® is the guarantee of unique diagnostic know-how. Having developed the first electronic diagnostics in 1985, ACTIA® is in fact the partner of all the major vehicle manufacturers and their networks.

**To win in efficiency
and develop your business**

A daily efficient equipment

- Diagnostics of all main brands : Renault, Volkswagen, Peugeot, Citroen, Fiat, Alfa Romeo, Seat, Audi, BMW, Mercedes, Ford, Opel, Skoda, Toyota, Lancia, etc...
- Maintenance and repair electronic operations : service light resetting, read/erase fault codes, read parameters (graphical display), actuator testing, ECU configuration, coding (injectors, Electronic valves), calibration and adaptive systems, etc....
- Diagnostics of main vehicles systems : injection, ABS, ESP, Airbag, automatic gearbox, air-conditioning, Central ECU, dashboard, confort system, electronic tyres valves, immobilizer, direction, suspension etc...
- Interactive links to access to a large choice of technical documentation software (Optional).

Exclusivities signed ACTIA®

- «Straight to the point» access to all the diagnostic functions as an «workshop» aspect with the Multi-Diag® professional mode (+ an expert mode for ECU advanced diagnostic, physical measures and configuration operations are also available).
- Automatic vehicle detection as soon as the OBD cable is connected.
- Express diag function: an ACTIA® exclusivity for complete vehicle diagnosis with a single click.
