Why buy the Multi Tester Pro?

"The Autodiagnos outshines any PC based equipment due to its speed of connectivity and comprehensive systems coverage

Darren Young Motors Ltd

Darren Young - Cheshire

Great coverage, ease of connection and easy navigation of systems selection, makes the Autodiagnos Multi-Tester Pro our first choice when it comes to vehicle fault diagnosis

Paul Gunstone Mechanical

Paul Gunstone - Bristol

"The Autodiagnos Multi-Tester Pro is so easy to use and simple to connect in fact anyone can use it. I have several different multi make scan tools but the Multi-Tester Pro is always the first piece of kit I grab. Because it is so portable the whole job is so much quicker and easier. I have been with Autodiagnos for over 10 years and the kit just keeps getting better."

Davlyns Auto Repairs

Dave Rammell - Wolverhampton

" We have Been using Autodiagnos for 7 years and although we have almost all main dealer kit in our workshop this is ALWAYS the first to be used and is liked by the 7 techs due to its simplicity of use, and the ability to sort most of our customer's problems 90% of the time ".

Nev'll Fix It

Neville Smith - Tonbridge, Kent

"We have over the years had various makes of scanner but the Multi-Tester Pro has by far and away been the most useful scanner we have ever had and we rely on it for 90% of our scanner work. The updates and support are the best we have ever had. If anything ever happened to it I would be straight on the phone to order another one.

1. Robust and easy to use
2. Reliable
3. Excellent Updates
4. Good Technical Support On Software
5. All round good value for money"

Turbotronics

Mark Simpkins - Swadlincote
