Veiligheidsvoorschriften en opmerkingen

De informatie in deze tabellen is samengesteld op basis van opgave door autofabrikanten en geldt alleen voor airco-installaties in originele uitvoeringen. Alle werkzaamheden aan airco-installaties mogen alleen door gekwalificeerde monteurs worden uitgevoerd, waarbij de betreffende veiligheidsvoorschriften en relevante wetgeving in acht dient te worden genomen.

Alle rechten voorbehouden, ook de vertaling. Niets uit deze tabellen mag worden verveelvoudigd en/of openbaar gemaakt door middel van druk, fotokopie, microfilm op op welke wijze dan ook hetzij elektronisch, hetzij mechanisch zonder voorafgaande schriftelijke toestemming van Hella BV. Alle gegevens zijn met de grootste zorg samengesteld, gezien de complexiteit kunnen fouten echter niet geheel worden uitgesloten.

PAO-Oil 68 – universele compressorolie

PAO-Oil 68 is een universele aircocompressorolie, exclusief van Behr Hella Service.

Voor onderhoud aan airco's moest een garage tot nu altijd een veelheid aan oliën op voorraad houden.

Dankzij **PAO-Oil 68** is dat nu niet meer nodig.

Deze hoogwaardige synthetische multigrade-olie is ontwikkeld voor universeel gebruik in alle airco-installaties van personenauto's, vrachtwagens, bouw- en landbouwmachines. **PAO-Oil 68** is geschikt voor alle soorten koudemiddel en verzamelt zich niet in verdamper en condensatoren, wat bij andere oliën meestal leidt tot een verminderde koelcapaciteit.

PAO-Oil 68 vormt een dun laagje op het oppervlak van de systeemcomponenten en zorgt daardoor dat de olie daar blijft waar deze voor de smering nodig is – in de compressor.

Dit verhoogt de bedrijfszekerheid en verlaagt het geluidsniveau. **PAO-Oil 68** is bijzonder goed geschikt voor het ombouwen van R12- naar R134a-koudemiddel. Omdat **PAO-Oil 68** compatibel is met alle andere smeermiddelen, is het voldoende om de oude compressorolie af te tappen bij deze ombouw.

PAO-Oil 68 is geschikt voor een zeer breed temperatuurgebied (-68 tot 315 °C) en is niet hygroscopisch. Dit betekent dat deze olie in tegenstelling tot andere oliën geen vocht opneemt.

PAO-Oil 68 tast slangen of pakkingen niet aan.

PAO-Oil 68 verhoogt de capaciteit van de airco-installatie en wordt aanbevolen door toonaangevende aircospecialisten.

PAO-Oil 68 – universele compressorolie, PAO-Oil 68 Plus UV - universele compressorolie met contrastmiddel

Toepassing	Type compressor	Koudemiddel	Type PAO-olie	Type PAO Plus UV-olie

- 1 Condensor met ronde leidingen
 - 2 Condensor met platte leidingen
 - 3 Condensor 16 mm
 - 4 Condensor 23 mm
 - 5 Motor achter
 - 6 Motor voor
 - 7 Expansieventiel, oud model
 - 8 Expansieventiel, nieuw model
 - 9 Zie sticker in motorruimte
 - 0 Vulhoeveelheid onbekend of door fabrikant niet opgegeven, zie eventueel sticker in motorruimte of op compressor
 - q Vulhoeveelheid afhankelijk van uitvoering, zie sticker in motorruimte of op compressor
 - w Condensor 18 mm
 - e Condensor 20 mm
 - f sterkte van vlakke buisleiding condensor
 - g zonder oliekoeler
 - h Condensormodule, droger in condensor geïntegreerd
 - i Fabr./productienr. /zie info bij A-/B-stijl
- VIN = Voertuig Identificatie Nummer
